**Mail Stop Amendment**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

REPLY TO INTERVIEW SUMMARY OF DECEMBER 31, 2007

The applicant understands that the examiner agreed that the proposed amendment, “(to achieve) reduced cancellation of acoustic signals produced by the transducers at frequencies below  $F_D = c/2D$ ”, would overcome the cited Greenberger reference. The applicant agreed to include “definitions” of the variables  $c$  and  $D$ . The examiner indicated his intention to conduct additional searching.

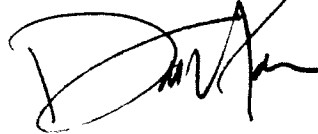

The applicant's response filed on December 20, 2007, contains an amended version of claim 1 in accordance with the interview.

Please apply any other charges or credits to deposit account 06-1050, referencing attorney docket no. 02103-556001.
